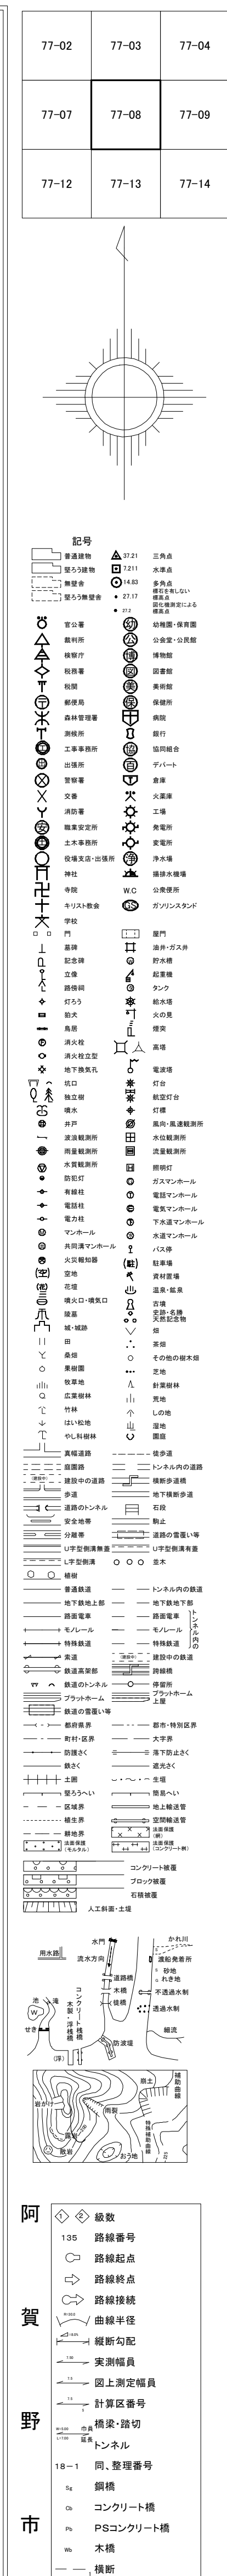

Figure 1 is a line graph showing the relationship between the number of individuals (n) and the number of species (S). The x-axis is labeled n and ranges from 0 to 100. The y-axis is labeled S and ranges from 0 to 100. A solid line represents the 1:1 relationship. A dashed line represents the 1:500 relationship. The graph shows that as n increases, S increases, but at a much slower rate than the 1:1 relationship.
